2. Share action your organization has taken:

- ◆ Deployed the USNS Comfort
- ◆ Commander National Naval Medical Center
- ◆ Safety and Industrial Hygiene personnel not considered in this example of deployment for humanitarian aid.

3. If you could change one thing following Hurricane Katrina, what would you like to see changed & why?

- ◆ **A signed agreement with FEMA allowing Navy civilians to deploy with FEMA teams (i.e. DMAT, VMAT, DMORT, USAR) with which they are already a trained and deployable member.**
